Community Marketing/Sponsorship Opportunity Form 2023/2024

Our non-profit organization AYSO (American Youth Soccer Organization), is designed to provide youth players the opportunity to develop their individual and team skills against competitors throughout the surrounding areas. Our program will provide our youth with recreational skills, sportsmanship and a physical fitness regimen.

The costs of operating a youth program is substantial. The parents (through registration fees) absorb a "portion" of these costs. We rely heavily on our volunteer coaches, referees and board members; we also rely on the generosity of our individual sponsors and community partners.

If you are interested in marketing your business, sponsoring a team and possibly helping a child play soccer this season, please fill out the following and return it to the address listed below.
