

AYSO Area 1C Referee Assigning Information Under-19 and Under-16 Upper Division Play Fall Season, 2023

Assigning Instructions for the 2023 Upper Division Season

The following is a general outline of the assigning process for the 2023 Upper Division Season. Individual Assigners may differ from this process and of course, assignments made close to game time require skipping many of these steps. Each field is associated with an Area 1C Region. Volunteers from those Regions will have preference provided their qualifications meet the game requirements, and they indicate their interest timely to the game date. In addition, referee volunteers whose names have been submitted to earn Referee Points for their Region will also have preference. Every volunteer has been ranked according to Area and Region evaluations of their abilities and games they are approved to referee or assist. These rank numbers should correspond to the game difficulty evaluation that is established by Area.

Steps

1. Log into <https://cgisports.com/ref/6017/>. Use the “Search” filters to search for games.

Welcome! Select from the options below to search the referee schedule. Narrow your search by selecting more than one search parameter.

2. You may mix and match the fields to narrow your search.
 - a. Division - You may select more than one division at a time. To select (or de-select) more than one division, press 'Ctrl' on your keyboard while making a selection.
 - b. Date - The default date is the upcoming Saturday. Past dates are not displayed. You may select one date only from the list, or use the box to the right and specify dates greater than or equal to (>=) or less than or equal to (<=) the chosen date.
 - c. Game Time - The list of game times. As with date, you may narrow the search by selecting greater than or equal to (>=) or less than or equal to (<=) from the list at the right.
 - d. Day - The day of the week.
 - e. Location/Field - The playing location/field.
 - f. Team – Leave it blank.
 - g. Show - offers the following search options:
 - i. All records - shows all records.
 - ii. Open Slots Only - shows only records with open assignments.
 - iii. Open Plate Only - shows only records with open Plate assignments.
 - h. Sort By: You may sort your search results based on two fields. The first drop-down list is the primary sort. You may select ascending or descending order. If you want to sort by another field as well, make a selection from the 'then by' drop-down list. This sort will be secondary to the first.

- Once you get to the result screen, check on the slot you want to self assign and then click “Make Request”
