

# Practice Space Options

**Central Park:** Assigned spaces only. You will receive a map with your assigned practice location(s) and time(s) by email if you submitted a practice space request form and if there is sufficient space available. Practice spaces are assigned based on registration order. Space is limited so not all coaches will receive an assigned practice space. If you have any questions about practice space assignments you can email Juanita Hurliman at [mjhurlimann@sbcglobal.net](mailto:mjhurlimann@sbcglobal.net).

The City often moves our spots around during the season. You will be notified by email if our City-owned practice spaces move.

PRACTICE SPACE IS LIMITED SO COACHES ARE ENCOURAGED TO TAKE ADVANTAGE OF THE OPTIONS BELOW TO ENSURE AMPLE PRACTICE TIME EACH WEEK.

**Rio Norte:** Open practice starting 8/08/2022 on Mondays thru Fridays 4:30 PM to dusk  
Parents are to park in the front lot and walk across campus to the fields.

**Arroyo Seco:** NO fields available for practice

This are the only Hart High School District Schools where we are permitted to practice. Please do not attempt to practice at any of the other schools.

**NO PETS ARE ALLOWED ON ANY SCHOOL PROPERTY**

Saugus Union School District Elementary Schools may be used for practice but each coach must schedule their times with each school. There may be a fee charged. Region 46 will not be responsible for those fees.

Bridgeport Park, Heritage Park, Santa Clarita Park, Chesebrough Park, Pacific Crest and Bouquet Canyon Park are City-owned and are permit-only parks rented to other entities. West Creek Park is a county owned park and is a permit-only park too. We may not practice at these parks if they have been permitted.

Northbridge Park is City owned and available on a first-come, first-serve basis.

## City of Santa Clarita Recreational Facility Parking

The fall season at Central Park is a busy time of year. Our youth participants enjoy various athletic pursuits on the fields. Safety is our top priority, which includes compliance of all parking rules and regulations. In an effort to ensure safety, please adhere to the following:

- Parking is allowed in designated parking stalls only and along Bouquet Canyon Road, where identified.
- It is illegal to park in red painted areas.
- It is illegal to double park.
- It is illegal to drive over and park on curbs, mulch, or grass.
- It is illegal to park in front of driveways and walkways.

We encourage you to **PARK** and drop off participating athletes by their designated fields, carpool, and allow extra arrival time. All of these options will help ease the parking problems at both parks and ensure safety. Parking lots will be monitored, rules enforced, and citations issued. Additionally, always drive slowly through our parks.

Thank you for ensuring the safety of our kids. Should you have any questions, please contact Steve Grover, AYSO Region 46 Commissioner at [aysoregion46arc@gmail.com](mailto:aysoregion46arc@gmail.com).
