

What is EXTRA?

The EXTRA Program is designed to provide a more competitive environment for the skilled player who is looking for a greater challenge than our Core Program. This program is available for U9-U12 divisions (player born from 2009-2012)

The EXTRA Teams play other EXTRA Teams from other Regions throughout Area E. EXTRA Teams continue practice and engage in tournament play during the winter months and in Spring within the Area E Extra Academy. Tournaments may require Travel. Players on the EXTRA Teams are selected during a blind tryout by impartial judges. The EXTRA Season cost is higher than the Core Program. Some of the additional costs include: uniforms, training gear, tournament fees, and travel costs. In addition, there is a higher level of commitment for this program.

How does my player tryout?
